

How many cups do you have in your house? Can you order them by size?

Investigate how much each cup can hold using...lego, marbles, toy cars, dolls etc.

Find every sock in your house! How many socks do you have? Mix all the socks up, time each other using a phone stopwatch to see how can match them the fastest.

Look out your window....

What can you see?

Can you write a list of everything you can see?

Can you draw a picture of your house and label it?

How many door numbers can you see?

What colours can you see?

How many numbers can you see around the house?

Can you take a photo of all of the different numbers around the house?

Take 4 ice cubes from the freezer - which will melt first? Put one at the front door, one at the back door, one in your hand and the other in the fridge.

Let's get exploring!

Create a journal/diary of your time off school... Write the day / date etc What did you do? See? Hear? Memories?

Plant some cress seeds / grass seeds / sunflower seeds.

Care for your seeds by watering them every day.

Can you make a growing journal?

Eg. Day 1... draw a picture and write what you can observe. etc

Do you have Alexa?

Every hour, on the hour, ask Alexa to play your favourite song. Karaoke time, dance time!

Label everything in the house!

Use post it notes or small pieces of paper, how many things can you label in 5 minutes?

Using 30 lego pieces / building blocks. How many different things can you build?

Can you make a repeating colour pattern?

Google 'nursery rhymes' or look some up on Youtube / Alexa.

Learn a new nursery rhyme every day.

Built a boat that will float!

Using items from around the house, recycling etc can you build a boat that will float in your sink / bath?

Make a bouncy egg!! Place an unboiled egg in a glass of vinegar. Change the vinegar 24 hours later and leave for another 24 hours!
